Traditional learning & its problems

01 This "cramming" approach overloads the brain with information in one sitting, leading to quick forgetting once the exam is over.

02 When learning is rushed, students may pass exams without fully understanding the material, which limits their ability to apply knowledge in real-world situations.

03 not possible to form meaningful connections between concepts

# do you go to school for school or for life?

*eric topol

vs Exceled learning

01   Improves Long-Term Retention

02   Emphasis on Deep Understanding: Equips students with the tools needed for real-world application rather than just short-term exam success.

Features

demo

Wardiere streamlines the ordering process, integrates secure payment gateways, and facilitates seamless delivery through partnerships with existing courier services.

Social Media Marketing

Utilize targeted campaigns on media platforms to reach food enthusiasts and potential sellers.

Influencer Marketing
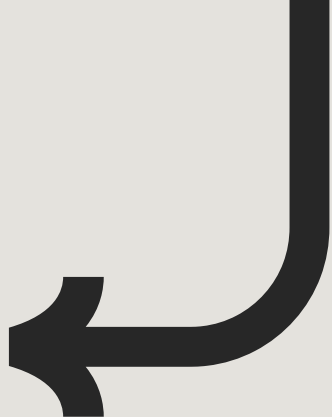

Partner with local food bloggers and social media personalities to promote Wardiere and showcase the app's functionalities.

features

Collaborations

Partner with local food communities and events to increase brand awareness and user acquisition.

Public Relations

Secure media coverage to highlight Wardiere's innovative approach to the home-cooked food industry.

another way to compare

Period	Milestone	Tasks	Deliverables
Jun 2050	Development Kickoff	• Finalize app functionalities and user interface (UI) design. • Secure development team and finalize contracts. • Develop core app infrastructure and back-end systems. • Integrate payment gateway partnerships.	• Prototype showcasing core functionalities. • Development roadmap and sprint planning.
Jul 2050	App Development & Testing	• Develop user-facing features (storefront creation, product listing, etc.). • Integrate delivery management system with chosen courier partners. • Implement basic security protocols and user authentication. • Conduct internal testing and identify bugs/issues.	• Fully functional beta version of the app (limited user access). • Bug report and rectification plan.
